Application No. 10/735,424 Amendment dated December 29, 2005 In response to Office Action dated: December 9, 2005

## Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

## Listing of Claims:

- 1. (Currently amended) A composition comprising:
  - A. from about 0.1 to about 25% by weight of graphite conductive carbon; and
  - B. a corrosion inhibitor, wherein said corrosion inhibitor is present in an amount effective to reduce the dissolution of metal from a metallic surface in contact with said composition, wherein said <u>graphite</u> eonductive earbon and corrosion inhibitor are dispersed in water.
- 2. (Currently amended) The composition of claim 1, further comprising wherein said conductive curbon is selected from the group consisting of carbon black, graphite, and combinations thereof.
- 3. (Original) The composition of claim 1 wherein said corrosion inhibitor is present in an amount effective to prevent the dissolution of metal from said metallic surface in contact with said composition.
- 4. (Original) The composition of claim 1 wherein said amount of said corrosion inhibitor is from about 1 ppm to about 1% by weight.
- (Original) The composition of claim 1 wherein said amount of said corrosion inhibitor is from about 50 ppm to about 4000 ppm.
- (Original) The composition of claim 1 wherein said amount of said corrosion inhibitor is from about 200 ppm to about 600 ppm
- 7. (Original) The composition of claim 1 wherein said corrosion inhibitor is at least one of an imidazole, a triazole, an indole, an azole, a thiazole, or a tetrazole.
- 8. (Original) The composition of claim 1 wherein said corrosion inhibitor is benzotriazole or tolyltriazole.
- 9. (Original) The composition of claim 1 wherein said metal is copper.
- 10-37. (Cancelled).
